

Credit Name: Inheritance and Polymorphism

Assignment Name: Vehicle, Car, Truck, Minivan

Describe the errors you've encountered while working on this assignment. What caused the error and how do you overcome the error?

```
<terminated> testVehicle [Java Application] C:\Users\logan\.p2\pool\plugins\org.eclipse.justj.openjdk.hotspot.jre.full\jre\bin\java.exe  
Exception in thread "main" java.lang.Error: Unresolved compilation problem:  
    Syntax error, insert ";" to complete BlockStatements  
  
    at Vehicle.testVehicle.main(testVehicle.java:239)
```

When trying to problem solve how to end the loop after the user has entered 2 vehicles I forgot to put ; at the end of:

```
{  
    otherVehicle = false  
}
```
