Credit Name: Advanced Algorithms and Data Structures
Assignment Name: StackList

Describe the errors you've encountered while working on this assignment. What caused the error and how do you overcome the error?

```
Exception in thread "main" java.lang.Error: Unresolved compilation problem:
        Cannot return a void result

        at StackList.StackList.pop(StackList.java:40)
        at StackList.StackListTester.main(StackListTester.java:22)
```

When changing the remove function in LinkedList, I forgot to change void to Object when I added a return statement.
